

CEGEN-PRB² Conference: New opportunities in DNA genotyping. CEGEN International Conference on Genotyping.

8th June 2017, Santiago de Compostela

**Aula Castelao (Facultad de Medicina)
Universidade de Santiago de Compostela
Rúa de San Francisco, s/n, Santiago de Compostela**

Dates and times

The conference will last 5 hours and will be held at the Faculty of Medicine, Universidade de Santiago de Compostela, on the 8th June 2017.

Schedule from 9.00 to 14.00 h.

Program

Thursday, 8th June 2017

09.00-09.15

INTRODUCTION & WELCOME

Ángel Carracedo. PRB²-CeGen-ISCIII Coordinator

09.15-10.00

EMPOP. A high quality mtDNA variation database.

Speaker: Walther Parson, President International Society of Forensic Genetics, Institute of Legal Medicine, Innsbruck, Austria

10.00-10.45

Spanish population structure

Speaker: Peter Donnelly, Wellcome Trust Centre for Human Genetics, Oxford, UK

10.45-11.30

Models of cell signaling: a new tool to explore disease and drug action mechanisms and predict disease outcomes

Speaker: Joaquín Dopazo, Fundación Progreso y Salud, Clinical Bioinformatics Research Area, Sevilla, Spain

11.30-12.00 Coffee break

12.00-12.45

The southwestern edge of European genetic diversity: Opportunities for genetic mapping of disease in Canary Islanders

Speaker: Carlos Flores. CIBERES-ITER-Hospital Universitario Nuestra Señora de Candelaria, Santa Cruz de Tenerife, Spain

12.45-13.50

Looking for genes involved in colorectal cancer using population genetic approaches

Speaker: Ángel Carracedo. PRB²-CeGen-ISCI III Coordinator

13.50

SUMMARY – CLOSING

Ángel Carracedo. PRB²-CeGen-ISCI III Coordinator

14.00

Meeting end

Send applications to coordinacion.cegen@usc.es before 1st June 2017
